

Real Estate Management FAQs

How to combat the spread
of coronavirus

1

What does the CRC recommend for facilities?

The CDC recommends regular cleanings and an application of disinfecting, such as nVIRO Shield, to keep the workplace safe.

2

Should I work from home?

Everyone who can work from home should work from home. This helps reduce your interactions with other people, such as colleagues or fellow passengers in public transport.

3

Will working
from home
prevent me
from catching
the virus?

Yes, ideally. Staying at home limits your interactions and lowers the chances of you catching the virus from others.

How can I prevent the spread of coronavirus?

Follow CDC recommendations for cleaning & disinfecting your facility. This includes: regularly cleaning & applying a disinfectant like nVIRO Shield, hand washing, covering your face when coughing or sneezing, and staying home when you feel ill.

How can I protect myself?

- Avoid close contact with individuals showing signs of illness
- Avoid touching your eyes, nose, and mouth without first washing your hands
- Wash your hands often with soap and water for at least 20 seconds
- Cover your mouth and nose with a tissue when you cough or sneeze
- Clean and disinfect frequently touched objects
